No. 752/Tender/Surveillance System/2016-17

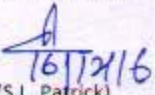

Dated 6 December, 2016

Clarification

Vide office letter no. 1703/Tender/Surveillance System/2016-17 Dated 02.12.2016 the Tender Request for Proposal for Supply, Installation, Commissioning and Maintenance of CCTV Surveillance System, Automatic Number Plate Recognition (ANPR), Variable Message Signage solution (VMS) And RFID Systems (for mineral vehicle tracking) has been published and thereafter a corrigendum letter no. 745/ Tender/Surveillance System/2016-17 Dated 15.12.2016 with the modified tender document has also been issued.

In continuation of the above corrigendum certain points in the tender documents are here by clarified as follows:-

1. Tender document page no. 28, point no. 6.3, table S.no.2-Technical Capability, in place of OEM it should be read as Bidders.
2. Tender document page no. 98, point no. 4, sub point 4.1(b) Platform length in place of 18m it should be read as 14m.
3. Tender document page no. 59, point no. 5, sub point 5.4, 5.5, 5.6 and 5.8, in place of HSL it should be read as Geology and Mining Department.
